Purpose: New requirements on Growers group certification

Attached document:

- NPOP standard

Dear client,

We would like to inform you that NPOP standard has been revised and has been implemented since 1st June, 2015.

In this regard you have to adhere to requirement of the NPOP standard along with conditions as stated in **GUIDELINES FOR CERTIFICATION OF GROWER GROUPS** as well as **NEW AMENDMENTS IN TRACENET**. In this connection, your quality and operating manual needs to be revised.

Ecocert India would review all the documents during physical evaluation of your certification programme in order to be fully comply with NPOP standard and practices on-site.

The application of these requirements are effective from 01/06/2015.

We, therefore inform you to implement all necessary changes as per the requirements of NPOP standards.

We thank you for your cooperation.

Kind regards,

M. Singh
